From the Director

The 2016 year was certainly a memorable one for our community as we celebrated our football team bringing home a National Championship! While we all enjoyed the excitement, the orange snowflakes decorating businesses, the parade and all the other celebrations, there was more to celebrate. The championship brought many people to our community for a longer period of time which meant hotel rooms were full and restaurants were busy. Many of the people we serve are employed in these businesses - cleaning hotel rooms, food service at the university, and in fast food jobs. Anytime our community hosts additional people, our people continue to work. When our community is in a slower season, hours of employment decrease, so we are especially grateful for this past year.

We are grateful to you, our supporters, for all you do for this organization and those we work with daily. Together, we can continue to make sure that all people in our community have the basic necessities to create stable homes for themselves and their families.
