**ANNUAL REPORT
2017**

Serving Clemson, Central and Pendleton

From the Board President

At Clemson Community Care we are so glad to help in situations that can strain any family temporarily. In today's economy, those situations can arrive in a heartbeat - health care, illness and medical costs, accidents, job separation or death in a family. We provide food pantry help, heating and cooling assistance, water bill assistance, and help with rent for our service area of Central, Clemson, and Pendleton.

The majority of our financial support comes from individual donations from our residents. This comes in the form of donations, memorials, honors, and water bill monthly donations. Individuals also assist through our local churches and businesses. Participation in

our food drives is admirable. It warms our hearts to see local men's groups bringing in truckloads of food that the men themselves have shopped for or a carloads of children coming in with armloads of food bags.

Our volunteer support is amazing. The food pantry is run entirely by a staff of volunteers daily. Groups donate time for special projects. Youth and children's groups schedule special times to help. That spirit of service being passed on to our younger community members is truly a delight to see.

As a board we are grateful for all of the support from our community. It is great to be a part of a community that has bought-in to helping those less fortunate. I am so proud to live in such a place.
